("**FINRA**") and the Securities Industry Protection Corporation ("**SIPC**") ("**Dalmore Group**" or "**Company**"). This Agreement governs the terms under which the User is granted the right to bid for, purchase, offer for sale and/or sell Shares of the Security through the **North Capital Private Securities Corporation Alternative Trading System** (the "**Platform**"). All User activity on the Platform is governed by this Agreement and other documents included by reference.

NOTICE: Please read all referenced Agreements, Disclosures, Policies, and Terms of Service. These terms contain important information, including a binding arbitration agreement that impacts your rights when disputes are resolved. If any of these terms are unacceptable to the User, then please do not visit, access or use the Platform.

The User, when acting as a seller, is the owner of Shares of the Security and upon acceptance of this Agreement, shall grant Company the exclusive right to offer for sale on the Platform the User's Shares in the Security for the period of time chosen by Seller, or good 'til canceled if no period of time is chosen by Seller ("**Term**"), at the Ask Price for the number of shares specified by the User.

By accepting the terms of this Agreement, the User offering the Security shall be obligated to sell Shares of the Security if a transaction is executed at the Ask Price set by the User during the term of the order, and the User bidding on the Security shall be obligated to buy Shares of the Security if a transaction is executed at the Bid Price set by the User during the term of the order.

2. Trading on The Platform by Approved User

- a. **Secondary Trading Process** –
 - **Selling** - The User, when acting as a **Seller/Offeror**, may create an **Offer/Sell order**, which shall indicate the Security, number of Shares, duration of order Term and an Ask Price that will cause the Security to be offered on the Platform. By entering an Offer, the User is generating instructions to transfer the security to a buyer in the event of a match. The Term of the Offer is good 'til canceled if no period of time is chosen by Seller. The User can cancel the Offer at any time prior to a match. If a match does not occur during the term, the Seller may re-Offer the Security for another Term.
 - **Buying** - The User, when acting as a **Buyer/Bidder**, may place a **Bid/Buy order**, which shall indicate the Security, number of shares and duration of the Bid. The Term of the Bid is good 'til canceled if no period of time is chosen by Buyer.

- b. **Match Process** - During the Term, Buyers may place Bids on the Platform to purchase the Security. The Seller is obligated to sell and the Buyer is obligated to buy the Security per the terms of this Agreement if the Buyer's Bid price is at or above the Seller's Offer Price during the Term. The Platform allows for partial fills of any Bid or Offer entered by the User. The Company reserves the sole right to cancel any open Bid or Offer of Shares of the Security at any time and all parties agree to hold the Company harmless if such is the case.

During Platform market hours immediately following market open, the Match Price is the Bid/Offer Price of a Bid/Offer order resting on the Platform's order book, when a subsequent Offer/Bid with an Offer/Bid Price at or below/at or above the resting order is entered onto the Platform's order book. The total amount due from the Buyer is equal to the Match Price, plus any commission and fees. The amount due the Seller is equal to the Match Price, less any commission and fees. The Company may, at its sole discretion, reduce the commission paid by the Buyer or Seller.
 - d. **Offer Price** - The Seller must indicate an Offer Price. If, at any time during the Seller's Offer order Term, the Offer is the highest-priced Offer on the order book and a User places a Bid order at or above the Offer Price, the Offer order will be considered matched and the Security will be transferred from the Offeror to the matching Bidder.
 - e. **Bid Price** - The User must indicate a Bid Price when placing a Bid order. If, at any time during the Bid order Term, the Bid is the highest-priced Bid on the order book and a User places an Offer order at or below the Bid Price, the Bid order will be considered matched and the Security will be transferred from the Offeror to the matching Bidder.
